From the Principal

Dear Parents / Guardians

There is a buzz across the school as number of great learning experiences for the children are being planned.

We will be welcoming our new preps into the school today as part of their transition program into Seabrook. A games session is planned for the children to meet one another and some of the staff. The barbecue following will be a further opportunity for the children and their parents to meet before the 2016 school year. Many parents will remember the happy time their children had at this event when their children participated in the transition to school program. This is a valuable time for children, parents and teachers.

Some dates to note:
Grade 1 - Swimming program commenced on Monday 19th October
Grade 2 - excursion Altona 16th October
Grade 6 - Planetarium at Scienceworks 19th October
Grade 5 - Sovereign Hill Camp 21st -23rd October
Grades 2 - 6 Global Chess Festival 22nd October
Grade 2 - Sleep over 29th October
MVP singing and guitar concert 30th October (North Wing)
Melbourne Cup Day Public holiday 3rd November
Grade 3 - Phillip Island Camp 4th - 6th November
2016 Prep transition visit 4th and 6th November
Prep - Chesterfield Farm excursion 6th November

ARE YOU LEAVING SEABROOK PRIMARY?
Please let our office know if you intend on leaving Seabrook Primary at the end of this term as it helps with us planning for 2016.

PARKING AROUND THE SCHOOL
We have received further complaints from the local community regarding our parents parking over driveways and blocking the roads. Please do not double park or block in other drivers.

PHARMASAVE
The staff at PharmaSave Central Square is committed to helping the local community and has introduced a loyalty card which benefits staff and parents from Seabrook Primary School through discounts and loyalty rewards.

Most over the counter products, skin care, cosmetics and some general health items attract a 10% discount. The school also benefits from these purchases. Prescriptions and selected items are not included in this program and customers should check in store for details about the promotion. Customers are required to bring into the store the cut out, supplied on page 3, collect a card from the office or present the details that are added to the Skoolbag app.

Continued report from Susan Lee

COOK BOOK AND NEXT FUND RAISER

Good news! Everyone still has time to add their favourite recipes to our Recipes from Around the World Cook Book. Publication of this edition will take place in February 2016. Please add your recipes to www.publishedauthors.com.au. In the mean time the Seabrook Fundraising team is planning our next fund raising activity.

A flier for our next fund raising activity will be distributed shortly. These are the items for sale and profits will help towards reaching our goal of raising enough money to commence our soccer field and play area development.

Available for sale

The Seed Embedded Christmas Cards:
Each carry bag contains 10 packs of Christmas Cards.
Each pack has 4 different cards.
Each card has seeds of The Swan River Daisy embedded into it. The card can be planted and the daisy will grow.
and individual card packs sell for $6.

The Herb Growing Kits:
Each carry bag contains 10 grow-in-the-bag herb packs
2 x Basil
2 x parsley
2 x chives
2 x coriander
2 x rocket
Carry bag with everything is $60 Individual herb packs sell for $6.

The Flower Growing Kits:
Each carry bag contains 10 flower growing kits.
2 x Alyssum
2 x Aster Colour Carpet
2 x Swan River Daisy
2 x Snap Dragon
2 x Petunia
Carry bag with everything is $60 individual Flower Pots sell for $6.

The Fruit Growing Kits:
Each carry bag contains 10 Fruit growing kits
2 x Alpine Strawberries
2 x Red & White Strawberries
2 x Sugar Baby Watermelon
2 x Rockmelon
2 x Honeydew melon
Carry bag with everything is $60 individual packs sell for $6

GLOBAL CHESS FESTIVAL

About 650 Seabrook children from grades 2-6 will have the chance to be part of a worldwide festival encouraging more children to enjoy the game of chess. The children will be involved in a challenge to understand the basics of chess in a session. It is hoped the children will take the opportunity to play chess more regularly at home and school. We have several chess sets for children to use during their breaks and the wisdom of our chess coach, Endre Simon, sharing his enthusiasm for chess. The Hungarian Grand Chess Master Judit Polgar has recognized Seabrook as being the first school to take up the challenge in Australia. Judit’s wish is to have 5 million children around the world playing chess on Saturday 17th October. To help this we have spread the festival across 2 weeks with classes already having taken up the challenge. Our event will be in some way added to their website. The festival will be launched at the Melbourne Chess venue in Fitzroy on Saturday 17th.

The afterschool chess tournament held at our school will be open to nearby schools offering medals for top players. We would like to thank Caltex Seabrook and Barry Plant, Point Cook for their kind donations towards, certificates and medals for the competitors and a giant chess set for the school to be purchased.

SPORTS ACHIEVEMENTS

Congratulations to the talented sportsmen and women from Seabrook Primary School. Their skills, determination and commitment to the team are outstanding. Mr Ganley has a full report later in this edition.

Have a great week ahead.
Educating the importance of online safety, and safe use of ICT technologies.

TIP 5 - Games
Games (including online games) can be fun for a lot of us, but they can also be a cause of many problems.
1. Avoid downloading or sharing games not owned by the person playing them. Buy only from reputable stores. Well known online APP Stores such as the Apple and Google Stores are considered safer than from online websites, and other "less known" overseas App Stores
2. Children should never play games outside the legal guidelines. Follow the rating system.
3. Consistently enforce safe game play. In short bursts (30 minutes at a time), playing in a public area of the home, and never unsupervised.
4. Although it is hard these days, avoid buying games that contain an online chat function.
5. Vary game genres, and include games with some educational benefits whenever possible.

Thank you, and lets all continue to help make Seabrook an eSmart community.
ART AUCTION

There are many talented Seabrook students currently preparing art pieces for the upcoming Art Auction to be held at Masters in Williams Landing during the evening on Thursday the 26th November. The Art Auction is a joint initiative with Masters and Barry Plant - Point Cook. Masters have generously supplied the canvasses and materials. Barry Plant will be professionally auctioning the art pieces. Monies raised will be donated to Seabrook Primary School.

The art pieces are all collaborative works; each piece has either a class creating the art piece or a mixed group of students. At this stage there will be at least 17 pieces of art for auction, represented by at least one grade from each year level and several pieces from Grade five students. The art pieces differ in size, technique and medium.

Parents, family and friends are invited to attend Seabrook Primary School’s inaugural Art Auction for a night of fun to celebrate the visual art achievements of our students. The students participating in the art auction are very excited and looking forward to seeing who will be the lucky person to purchase their class or group’s masterpiece.

Stay tuned for more exciting Art Auction news…

Art News with Mrs Baillie-Martin
HOW THE ECHIDNA GOT ITS SPIKES

In the dreamtime, koalas had long tails and echidnas were shy defenceless creatures. They weren’t the slightest bit like the ones we see today. I am going to tell you how the echidna got its spikes.

It all started one nice, sunny morning, when an echidna with dark, brown eyes and silky, black fur was roaming around. She was looking for some nice, juicy ants to feast on. She was smelling desperately for any sign of ant tracks when suddenly, her trusty friend the sparrow appeared.

“Oh, my dear friend the echidna. I have been looking for you everywhere!” the sparrow tweeted, exhilarated. “I saw that you were desperately looking for food. I spotted a small forest flowing with nice, juicy insects! But that’s not all… there’s a slimy, snappy saltwater crocodile in a billabong next to the forest. Be careful. I got to go now, to feed my chooks. Bye!” He flew away, his wings flapping rapidly with excitement with several worms in his beak.

Echidna was overjoyed and instantly started scurrying to the forest that the sparrow spoke of. As soon as she entered the forest from the billabong, she spotted the billabong. It looked very fresh, so she decided to stay for a day. She saw several ant-holes, all next to each other, with ants scurrying everywhere. She decided to creep up to them.

Meanwhile, a slimy, snappy saltwater crocodile (the one sparrow was talking about earlier) had spotted the echidna. He started creeping towards her very, very slowly. As soon as he was just a few metres away, echidna sensed the crocodile and started scurrying away as fast as she could. Soon the crocodile was just inches away from her, so she decided that she will turn right. She had been going straight the whole time. As soon as she took her turn, she accidentally collided into a large, spiky bush.

You’d have thought she would cry with pain, but she thought it was rather nice, feeling the sharp spikes poking at her. Once she thought the scratching was enough, she decided to go out and check if the crocodile was still there.

The sneaky crocodile was wandering around, waiting for the echidna to come out. Dinner time was nearing, so she had to get home. She had no choice, so she decided to run for it, while the crocodile wasn’t looking her way. And she did. But then, she stopped. She felt something weighing her down. She hadn’t gone very far. She was still near the plant.

Soon the crocodile spotted her. He took two steps up to her and froze. His eyes grew wide. He slowly backed away. Soon, he was running away like he saw a giant crocodile (these days, crocodiles were scared of larger ones). Echidna was very thirsty. She went to the nearby river and drank some water, feeling very confused.

She saw a reflection of herself in the river. She was surprised and scared! She was so surprised that she rolled into a ball for the first time. She had seen that she had spikes.

And that’s why the echidna has spikes- because a saltwater crocodile chased her into a spiky bush and dozens of spikes got stuck onto her back. - Sree

In 4RE we have been focusing on dreamtime stories as part of our inquiry ‘where we are in place and time’. Miss Eassson set us the task to write our own dreamtime story. We all shared ideas for stories. It had to be how something was created such as, plants, animals or the land. As a class we brainstormed different settings, possible characters and story ideas. We all succeeded in making a believable dreamtime. Here are some of our dreamtime stories, enjoy! - Olivia W
How Uluru was created

In the dreamtime, Yummani, Echidna and Platypus lived peacefully together. Uluru didn’t exist back then so the red desert would’ve been straight and plain. But all creatures lived happily.

One day, a sneaky, swift Platypus decided to trick Yummani for his entertainment. So, on the same day, Platypus swapped Echidna’s property with Yummani’s property. The next day, a lot of noise was going on. Yummani mistook Echidna for stealing his property, although Platypus really did it. When they realised it was Platypus, Platypus gulped guiltily. They were furious but not for long. They forgave Platypus and gave him one more chance.

Echidna thought it was a brilliant trick that Platypus did so he wanted to follow Platypus’ footsteps. So cussed an obnoxious to scare Yummani! Because was hard in heart, they Bunyip! So using Eucalyptus and sap, they made a fake Bunyip!

When the sun fell down, they swiftly dodged through the moonlight, lurking in the shadows. When the sun came back up again, Yummani woke up. Then, the obnoxious Echidna threw the Bunyip onto Yummani and he yelled and slithered into the dirt. Echidna chuckled cheekily.

Yummani slowly rose from the ground. His eyes were red with fury. He whipped his tail and said “This means war! “ Without a moments hesitation, Yummani threw spears onto Echidna’s back. They were stuck on tight. This is how Echidna got its spikey feature. When Platypus saw this, he got scared. Yummani saw Platypus and he started to throw spears onto Platypus too. A pack of kangaroos saw this and they were not happy. So the wise kangaroos thought of making a rock wall from the ground to separate the two. So with their magic, they raised a wall of rock from the ground. Platypus was stunned. But because of Platypus’ cowardice, he hid in the water, thinking of Yummani coming back. The kangaroos were angry at Platypus’ cowardice. So they ordered Platypus to live in the water. This is why the warm-blooded Platypus lives in the water instead of land.

This is how Uluru was created. - Puluna

A dreamtime story introduces creation, law, moral and is passed on from generation to generation in many forms such as, dance art vocally, music, etc.

This history forms their unique culture and it will permanently live and will be unalterable as the culture is passed on from generation to generation. Because of their strong culture many foreigners also follow along and participate in their culture. On basis of their creations we have been able to evolve them. Take for example the wheel was created by early men and is now evolved to cars, trains, buses, etc. This culture lived in the passed, is living in the present and will continue to exist in the future. Some changes and altars may be made but the essence will remain the same. Just a community evolves over time the purpose still remains the same. In the same way the core or purpose of the culture will never alter for any reason.

4RE has studied on dreamtimes and have eventually come up with their own creative ideas to form their own dreamtime story on how things, animals, people, land and laws were born. We have been discovering an inquiry into indigenous culture, their lifestyle, food, education, medicines, stories etc. Please enjoy a tour of professionally written and interesting dreamtimes! - Sahitya M

How Uluru was created

In the dreamtime, Yummani, Echidna and Platypus lived peacefully together. Uluru didn’t exist back then so the red desert would’ve been straight and plain. But all creatures lived happily.

Students at Seabrook Primary School are getting excited about their mathematics, and it is all for a good cause!

The World Education Games is currently being held and all students are encouraged to participate. All you need to do is log onto Mathletics to celebrate World Maths Day and participate in the global challenge!

6EH have started us off, sitting 43rd in the World after day 1. We are hoping all year levels will participate and ensure that we stay in top 100. Not only is the competition helping to improve our math skills, every point we earn helps the UNICEF education program which donates a ‘School-In-A-Box.’ Each box contains all the essential learning resources a teacher needs to provide quality education.

The competition ends on October 15th and the more points that we earn, the more students we can support!
Divisional Athletics

Well done to our 38 students who competed at Hoppers VUT just before the holidays. We were up against all of Hobson’s Bay area (Point Cook, Altona, Williamstown, Newport, Spotswood) so the competition was strong and our students performed extremely well again.

We won the 12yr Girls Relay (Madeline, Natalie, Kayla & Abbey C) as well as the 11yr Boys Relay (Jim, Ethan, Johnathan & Andreas). Both these teams will compete at Keilor at the Regional Finals on Tuesday October 13th. Others to have qualified were Abbey G (100m & 200m), Hayden L (100m), Andreas (200m & Long Jump), Monique G (800m), Dania S (Discus & Shot Put), Indusree T (Triple Jump) and Tra-Mi G (1500m). Good luck to these 14 students at Regional day and we’ll have a report next week.

Other students who just missed on making it to the next stage were: 10 yr Girls Relay 2nd (Bella P, Tara K, Brianna S & Abbey G), Madeline C (3rd- 200m), Taylah F (3rd- 800m & 1500m), Jim B (3rd- 800m), Tra-Mi (3rd- 800m), Johnathan (3rd- TJ & 1500m), Tara K (3rd- Shot Put), Natalie A (3rd- Hurdles), Brianna S (3rd- Long Jump) & Mahammad D (3rd- Hurdles).

Other good results were: Clare S (5th- 800m & 1500m), Hayden L (4th HJ), Braxton (4th- 800m), Cody S (5th- 800m), Cleo S (6th- 800m), Abby P (4th- Shot Put), Amelia K (4th- High Jump), Mia F (5th – 1500m)

Well done to Coby S, George P, Benjamin K, Corey S, Joshua G, Damon T, Jacob S, Rushil B, Matthew D, Carly C, Ela I, Puluna V, Josie E who also represented the Laverton District on the day.
Divisional Basketball and Volleyball

Well done to our Boys Basketball and Mixed Volleyball teams who competed in Divisional play-offs on Friday at Point Cook Primary. In basketball we played Point Cook in the first game and it was a close for most of the first half. Our team gave their all during the 2nd half, but Point Cook were a very good team and ended up winning 41-11. Even though the boys were a bit disappointed, they didn’t drop their heads and came out firing in the second match against Sacred Heart. We jumped out to an early lead and were able to maintain that during the match. Our passing and teamwork were better and we made important shots towards the end when Sacred Heart tried to come back. In the end we won 29-24 in an evenly matched game. Everyone contributed on the day in some way and well done to the team: Hayden L, James T, Adam A, Kobe V, Nick D, Emilio S, Shihab M and Matthew D.

The Volleyball team just had one game to play against Point Cook as well. This was a very good match going to a full 3 sets. It was tight in the first, going point for point most of the way and Point Cook just got the upper hand winning 20-16. After a quick chat from Mr. Brown, our team got on a roll and set up a good lead, which we held onto and levelled up the match winning the second set 20-8. The third set was close even though Point Cook got an early advantage and unfortunately this time we couldn’t peg them back. They won 20-12, but our boys and girls put in a great performance and played with great spirit and sportsmanship. The team consisted of Kayla A, Natalie A, Kobe V, Abdul, Carly C, Yee-Suan L, Tyler, Alice D, Amisha, Yonhee, Enakshi & Zoe K.

Blair Ganley
Seabrook Primary school will be participating in an international chess challenge over the next two weeks. It will involve all grades from 2 – 6. This is an excellent opportunity for Seabrook as we are one of the only Australian schools to be participating. The children will all receive a certificate for participating. As we know chess has an important part in education, it has many benefits from problem solving to strategic thinking involved.

For your information

ROOM 17 ART ROOM

We require large yoghurt containers and ice cream containers (any size), washed and with lids (if possible). Just drop them off at the room 17 door. Thank you.

Library News

Pay it forward

I would like to set up a donation box at the next Book Fair to be held the week of the 9th of November.

By buying a book through the Book Fair, Seabrook benefit from the sale. By the donating this book, another school or kindergarten will also benefit. Laverton P-12 College kindly donated new books to us from their book week and I would like to continue the gift giving. Do you have suggestions as to which school or kindergarten/playgroup we could donate to? Bring your suggestions to the library.

Thank you
INCURSION / EXCURSION / FUNDRAISING MONEY

When sending in money for incursions, excursions, fundraising etc., please send in the correct money and ensure that you have separate envelopes for each separate activity/event. We cannot accept foreign coins, as they are rejected by the bank, so therefore these will be returned to you. Please check you have included Australian currency only. Money is not kept in the office so we cannot provide change.

Parents need to give the correct money in a clearly marked envelope, in the mornings only, to the classroom teacher. Teachers are unable to accept money at the end of the school day as they are unable to leave money in the classroom. Cash payments are not accepted at the office. Parents are welcome to call into the school office to collect a few school payment envelopes to leave at home for this purpose. Alternatively, please ensure that the money is in a clearly marked envelope with student’s name, grade and amount and activity/event. Payments by Credit Card / Eftpos need to be in the amount of $10.00 or more.

Thank you for your co-operation.

Yvonne Golomb Administration

Are you leaving Seabrook Primary at the end of 2015

This helps us with our planning

If your child/ren are not returning to Seabrook Primary School next year (excluding our current Grade 6 students), can you please fill in the details below and return to Mrs Susan Joyce. (at the office as soon as possible)

My child/ren

____________________________________ Grade _____________ Room __________

____________________________________ Grade _____________ Room __________

____________________________________ Grade _____________ Room __________

will be leaving Seabrook Primary School:

☐ at the end of term 4 2015

and will be attending __________________________________________________________ school.

Parent/Guardian Signature: ____________________________ ContactNo. ____________________________

Prescribed Medication Authority Form

Dear Parent/Guardian,

Please be advised that if your child is required to take prescribed medication whilst at school a MEDICAL AUTHORITY FORM can be found on our Skoolbag App and the school website. This form should be filled out and signed off by your doctor before we can administer the prescribed drug.

Please Note: wherever possible, medication should be given outside the school hours, e.g if medication is required three times a day it is generally not required to be taken at school: it can be taken before and after school and before bed.

If medication is to be administered at school the medication must be in the original packaging. Should you have any questions/queries contact the Leadership Team.

Thank you for your support

Principal Susan Lee
Outdoor play the SunSmart way!

SunSmart promotes active, outdoor play across the day throughout the year and doesn’t request that children’s outdoor time be restricted due to the sun’s UV levels.

Please make sure a combination of sun protection measures are used during the daily sun protection times to ensure children can engage in fun, sun safe outdoor play.

Why?
Some sun exposure is important for vitamin D which is essential for healthy bones and muscles, and for general health.

But too much sun can cause skin and eye damage and skin cancer. Sun exposure during childhood and adolescence is a major factor in determining future skin cancer risk.

How?
Check SunSmart’s daily sun protection times so you know when you do and don’t need sun protection each day. These are available as a free app, online (sunsmart.com.au), in the weather section of the newspaper or as a free website widget. Perhaps you can add the widget to your service’s website?

If you can’t check the sun protection times each day, use these 5 SunSmart steps from September to the end of April in Victoria (NOT just terms one and four).

1. **Slip** on cool, covering clothing that covers as much skin as possible.
2. **Stop** on SPF 30 or higher broad spectrum sunscreen. Make sure you apply a generous amount and keep reapplying it every 2 hours. Check the expiry date.
3. **Slap** on a wide brimmed hat that shades the face, neck, ears and eyes (Baseball or peak caps don’t measure up so leave those on the hat rack!)
4. **Seek** shade – try a shady tree, verandah, pergola or shade sail, umbrella or tepee!
5. **Slide** on some sunglasses where practical. They should be labelled AS 1087 so you know they are UV protected.

In Victoria from May to August sun protection is not usually needed so put the sun gear away to get some winter vitamin D. Check the sun protection times to be sure.

**Seek shade**
Good quality shade can reduce overall exposure to the sun’s UV. When combined with appropriate clothing, hats and sunscreen, children can be well protected from UV overexposure when outdoors.

Research shows that spacious preschool environments with trees, shrubbery, and broken ground triggers more physical activity and provides better sun protection in outdoor play. Shady and natural play spaces are also requirements of the Education and Care Services National Regulations (Reg. 113,114)

- **How shaded is your outdoor play area from September to the end of April?**
- **Use SunSmart’s shade audit to check if your shade is adequate.**

FOSTER CARERS URGENTLY REQUIRED

Can you provide a safe and caring home?
Have you room in your heart?
Are you willing to make a difference?
Can you help vulnerable children and young people?

If this sounds like you then why not apply to become a Foster Carer today!

We want to hear from you.

To find out more about becoming a Foster Carer please attend our upcoming information session:

Date: Monday 19th October
Time: 5:30pm
Venue: UnitingCare Church,
Cnr of Synott St & Duncans Rd Werribee.

For more information please contact Bridges Foster Care team on 9742 6452
or send us an email at reception@wsh.org.au
A Friendly Reminder About the Booking Process

All bookings can be made online by accessing your account on the OSHClub website.

When you require a late booking to be made for ASC, please feel free to leave a voice message or text message on the program phone - 0411 302 879.

However, to ensure your child’s complete safety, having your child attend ASC without notifying us that they will be attending is not policy.

Please note: any bookings not made via the website incur an additional casual charge, as an increase in total children attending increases total staff required.

Thank you for your co-operation.

OSH Club Program Phone: 0411 302 879
Coordinator: Katie and Amanda
OSH Club Head Office: 03 85649000

All families must be enrolled to attend the program, remember this is free!
Please create an account online at www.oshclub.com.au where all bookings and cancellations can also be managed via your online account.

LAST WEEK TO DEPOSIT AND REDEEM REWARDS IS WEDNESDAY 2ND DECEMBER

6 WEEKS TO GO!

Congratulations to the following students who received certificates this week:

**Bronze 10 deposits** - Shem L, Cadrian P and Tanisi N.

**Silver 20 deposits** - Alicia W, Dylan C, Erika L, Simone D, Camryn L and Drew S.

Please submit your request for rewards as soon as possible as stock of items is running out quickly. The following items are still available while stocks last. If you do not have the correct rewards card just place a note along with your 10 silver tokens or 1 gold token.

- Invisible Ink Martian Pens (2015)
- Intergalactic Rocket (2015)
- ET DVD (2015)
- Outer Space Savers Money Box (2015)
- Galaxy Glider (2015)
- Shark Keyring (2014)
- Swimming Bag (2014)
- Dollarmite Money Box (2014)
- Scented Pencils (2014)
- Headphones (2013)
- Knuckles Game (2013)

Saving regularly is an important habit to get into, whether you are saving a little or a lot. Keep up the great work and remember to bring in your deposit book each Wednesday. Thank you for supporting the School Banking Program.

Do you have a school banking questions or query?
