From the Principal
Dear Parents / Guardians

INTRODUCING….
We would like to introduce Mrs Narinder Singh who is working part time in our office. Narinder is a parent of a former student who is transitioning into the finance team because of Carol Thompson’s impending retirement. Narinder is a local resident and has worked at Carranballac College and Western Autistic School in the past and has experience with the Department of Education financial systems. We warmly welcome her to our team.

SOVEREIGN HILL CAMP
Our children and staff returned from Sovereign Hill last Thursday after their successful three day camp. This is an excellent educational experience for the children. Once again the children received compliments on their manners and behaviour whilst on camp. A great thank you to the staff and helpers who supported this camp. We thank them for their organisation and supervision of the children during the camp. Staff attend camp on a voluntary basis and we appreciate them taking time away from their families to support this valuable program.

SOCCER FIELD AND NEW PLAY AREA
Work is proceeding well on our new field. Sections of the running track and turf have been laid. We hope the work will be completed very soon.

NEW FENCES
We signed off today so that work can commence on the building of our new school boundary fences. We expect the work to start in early April and continue through the holidays to minimize disruption with some work to continue into a small part of term 2.

CHILDREN CELEBRATING BIRTHDAYS AT SCHOOL
In implementing the ‘Everyday at school Counts’ campaign we want to encourage children to attend school on their birthday. The children who have a birthday on a school day are invited to come to the office for a special birthday pencil and card at recess. If parents are wanting to send a birthday treat for the class we ask that alternatives to sugary treats are chosen. Stickers, balloons, hats, savoury (low fat) food etc. are healthier alternatives to cakes and sweets. Thank you.

Seabrook Primary School has a zero tolerance for any form of child abuse.

continued report on the following page

Are you eligible for CSEF? If so applications are now open. Further details are on page 5.

Prep families who currently hold a valid health card are eligible to also apply for a uniform voucher. Please come to the office for further details and to submit your application by 24th of February. Additional information on page 5.

Don't carry any unnecessary items in a backpack creating extra weight.
SAFETY REMINDERS

A REMINDER ABOUT PARKING IN AND AROUND THE SCHOOL

We acknowledge that the school has insufficient visitor parking and that parking is difficult due to the number of motorists and parking restrictions in the local area. However it is so important that we each show courtesy to one another and respect our local neighbourhood. We suggest that parents are prepared to allow extra time to park a few streets away where there are no restrictions and walk to school. Please also consider the safety of the children and adults crossing roads.

In recent years we have received numerous complaints from our neighbours about Seabrook parents parking across their driveways preventing them from entering their own properties before and after school. The local authorities will record registration numbers and book motorists.

BIKE AND SCOTTER HELMETS

We encourage children from grades 3-6 to ride to school and younger children accompanied by an adult. Parents, can you please ensure your child wears their safety helmet and are familiar with the safest route to school?

Using the Supervised Crossing

We would like to remind parents the importance of modeling safe walking practices by using the school patrolled or pedestrian crossings. Parents and children darting across busy Point Cook Road can be very distressing for drivers and sends a poor message to children about crossing the road safely. Fred and Alf are there daily at the crossing to support all our community when crossing the road. At other times use the pedestrian crossing and lights.

There is limited parking in the visitors’ car park. Please be aware that drivers driving and parking on school property do so at their own risk. Please observe the turning lane signs in and out of the car park and never leave your car double parked.

Thank you for your support

continued report on the following page
DOGS IN THE SCHOOL
School Council would like to remind our community that due to health and safety reasons we do not permit dogs in the school grounds or support pets being tied to the school fences. An exception may be made in the case of 'show and tell' arranged with the class teacher. Thank you for your understanding.

NOTICE TO PARENTS/GUARDIANS ABOUT INSURANCE AT SCHOOL
It must be noted that parents/guardians of students, who do not have student accident insurance, are responsible for paying the cost of medical treatment for injured students, including the cost of ambulance attendance/transport and any other transport costs. Parents/guardians can purchase insurance policies from commercial insurers.

CONCRETER
We are seeking assistance from our community to find someone who is happy to provide a quote for a small area we need to have concreted to join a fence and path (behind the north wing) for deliveries. If you can help please contact the office.

ANNIVERSARY OF THE APOLOGY TO MEMBERS OF THE STOLEN GENERATIONS
On 13 February 2008 the Australian Parliament made a formal apology to members of the Stolen Generations. To recognize the anniversary of the occasion and in recognition of the Indigenous Australians Aboriginal the Australian Aboriginal flag will be displayed in our school foyer.

continued report on the following page
CALL FOR NOMINATIONS FOR SCHOOL COUNCIL ELECTIONS 2017

What is a school council and what does it do?

All government schools in Victoria have a school council. They are legally constituted bodies that are given powers to set the key directions of a school within statewide guidelines. In doing this, a school council is able to directly influence the quality of education that the school provides for its students.

Who is on the school council?

For most school councils, there are three possible categories of membership:

A mandated elected Parent category – more than one-third of the total members must be from this category. Department of Education and Training (DET) employees can be Parent members at their child’s school as long as they are not engaged in work at the school.

A mandated elected DET employee category – members of this category may make up no more than one-third of the total membership of school council. The principal of the school is automatically one of these members.

An optional Community member category – members are coopted by a decision of the council because of their special skills, interests or experiences. DET employees are not eligible to be Community members.

Generally, the term of office for all members is two years. The term of office of half the members expires each year, creating vacancies for the annual school council elections.

Why is Parent membership so important?

Parents on school councils provide important viewpoints and have valuable skills that can help shape the direction of the school.

Those parents who become active on a school council find their involvement satisfying in itself and may also find that their children feel a greater sense of belonging.

How can you become involved?

The most obvious way is to vote in the elections, which are held in Term 1 each year. However, ballots are only held if more people nominate as candidates than there are positions vacant.

In view of this, you might seriously consider standing for election as a member of the school council encouraging another person to stand for election.

Do I need special experience to be on school council?

No. What you do need is an interest in your child’s school and the desire to work in partnership with others to help shape the school’s future.

Please come to the office to collect either form 5A Self-nomination form for Parent Member Category or 5B Nomination for Parent Member Category if you wish to nominate another. Nominations must be received by 4pm on Monday 20th February.

Enjoy your week ahead

Sue & Staff
Applications are now being taken at the office for CSEF. Application forms are available at the office or from our website and skoolbag app.
This is a courtesy note to inform parents that headlice has been reported in the grade 1 area. We are asking that all parents examine their child’s hair for signs of lice infestation.

The lice themselves are often hard to find because they move around on the head. Therefore, you should be looking for the eggs or nits. These appear as tiny silvery white specks attached to the hair shaft near the scalp. Dandruff and hairspray may look similar but these are easily brushed away, the eggs are not. Other signs of lice infestation may be red rash and scratch marks on the scalp, nape of the neck or behind the ears.

If you child has contracted head lice do not be alarmed. Although the condition is unpleasant, it is easily treated using white inexpensive hair conditioner on dry hair, will help to control head lice in the school community. A copy of this procedure is on the back of this letter.

As head lice are highly contagious, it is suggested that you examine and treat all members of the family at the same time.

<table>
<thead>
<tr>
<th>Step 1:</th>
<th>Comb any type of hair conditioner on to dry, brushed (detangled) hair. This stuns the lice and makes it difficult for them to grip the hair or crawl around.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Step 2</td>
<td>Now comb sections of the hair with a fine tooth, head lice comb.</td>
</tr>
<tr>
<td>Step 3</td>
<td>Wipe the conditioner from the comb onto a paper towel or tissue.</td>
</tr>
<tr>
<td>Step 4</td>
<td>Look on the tissue and on the comb for lice and eggs.</td>
</tr>
<tr>
<td>Step 5</td>
<td>Repeat the combing for every part of the head at least 4 or 5 times.</td>
</tr>
</tbody>
</table>
Prep

It’s been a great start to the year for the Preps. This year, we are lucky to have seven prep classes at Seabrook Primary School.

For their first few weeks, the Preps have been participating in our learning to learn program. This program focuses on how we learn and what we can do to help with our learning. It also incorporates safety and how to play safely in the classroom, out in the school yard and even when crossing the road at the front of the school.

The children had their first incursion where they learnt about how to cross the road safely with Fred and Alf, the school crossing supervisors. The students discovered why we have crossing guards and why it is important to follow their instructions. The preps learnt that two blows on the whistle means that it is safe to cross.

A friendly reminder from our crossing guards that all parents need to be using the crossing at the service road as well as the main road. Parents needs to model and encourage safe behaviour when crossing the road.
We have had a wonderful beginning to our school year. In 2HR we have been doing lots of fun things.

Emma – Ms Hallatsch & Mrs Roussou are lovely teachers.
Puja – I enjoyed making pattern posters in Maths.
Drew – I enjoyed brainstorming of our Class Essential Agreement.
Kira – Signora Elena is a lovely teacher. I enjoy Italian.
Cristian – I like how our teachers respect us.
Allan – I enjoy playing with new friends.
Ollie – I liked making our class birthday graph.
Akshaj – I like playing games in 2HR.
Urijah – Ms Hallatsch and Mrs Roussou give us interesting and challenging work.
Sydney – I liked making our pattern posters.
Arya – I like learning new songs.
Haylee – I liked making our PYP attitude posters.

Adam – I like our new spelling challenges.
Eva – I like our new teachers.
Ella – I like changing our job weekly.
Alessia – I liked starting our portfolios.
Kaiden – I like our Performing Arts class with Mr Smith.
Caydence – I liked making our little people.
Danwoo – I like reading books.
Stephen – I like throwing balls in P.E.
Tiara – I liked making our Italian Essential Agreement.
Edward – I like dancing in Performing Arts.
Luan – I like Ms Hallatsch and Mrs Roussou, they are nice teachers.

We look forward to our wonderful year ahead.

From your 2HR friends xx
Sovereign Hill

News from 5RB
Last week Grade 5’s had the opportunity to go on an exciting camp to Sovereign hill. We travelled by bus and it took us an hour and a half to get there. Once we arrived the campers unpacked and settled into their cabins. After that we took part in a number of activities including gold panning, confectionary making, candle making, wheel making etc.

Gold Museum
One of the activities was going to the gold museum. In the gold museum we saw a valuable collection of gold nuggets, alluvial deposits, priceless gold artefacts and gold coins. It helped us to learn about Ballarat from its earliest day through to the European settlement and the amazing impacts of the gold rush.
By Bridget

Gold Panning
Gold panning involved using a pan and a shovel to find gold in the digging creek. We first bought a small glass bottle for a dollar then we panned for real gold. The guide showed us how to pan for gold and told us that each flake of gold is worth 50c because gold is judged by how much its worth by weight. It was challenging to find gold at the start but I did manage to find 5-6 flakes of gold, which I got to keep.
By Penny

Blood On The Southern Cross
Blood on the Southern Cross is a sound and light show that tells the story about Eureka Rebellion. It was an amazing show that included sound and light effects but no actors. We travelled across the sight in transporter to theatre, which was an open-air set. There we watched a story about a battle between miners and government forces at Ballarat in 1854. The miner’s burnt there licences at a protest to get there right back.
By Filip, Lucas M, Matthew
Candle Dipping
In this demonstration we learned how the candles were made in the 1850s. Candles were the highest demand in those days because it was the only light source. Candles were made from animal fat and they used to stink also candles had to be safely kept because they were made of fat. By Boris

Gold Mine Tour
In the gold mine tour we used an inclined tram to go down the mine. It was dark, cold and scary as we travelled down because we couldn’t see anything. It took us a minute to get down to the mines. Inside the mines, the candles in the lantern were used as a source of light. We saw a huge water pump and an old fashioned elevator. As we walked down the mine we saw gold nuggets and gold flakes in quartz. Interesting facts we learnt are: The emergency exit was a ladder and the miners had to climb up 20 metres in the dark to escape. Boys at the age of 14 could work in the mine and their job was to collect poo in the bucket and get it out the mine. By Ashlyn, Scarlet, Emma and Brooke

Candy Making
Another demonstration that we watched was Candy making. It was called Brown Confectionary factory. When we reached there the smell was amazing and we watched the strawberry drops being made right before your eyes. The ingredients that they used are water, sugar, food dye and strawberry flavouring. We also got to taste them. They were delicious. By Naza and Eboney

Shopping
We were allowed to shop on the last day of camp. We shopped in groups of three or four. We shopped on the main street on Sovereign Hill. We had $20 dollars each to spend. The most popular item was the raspberry drops. The other items included yoyo, gold leaves in a glass bottles, nut bug and candles. By Zenith, Ned and Song
The gold mine tour taught us about the story of the 19th century mining in Ballarat. We used the inclined tramway to descend 60 feet underground, then later we walked down another 22 feet. Now we were approximately 82 feet underground. Our tour was called the Journey through the Labyrinth of gold and we learnt about the dangers and the life of miners in Ballarat. Some interesting facts we learnt are:

Talking Timbers
Talking timbers are wooden pillars that indicated if the roof was going to collapse, by creaking and groaning.

The Widow Maker
The widow maker is a drill used in the 19th century mines. They were used to drills holes fitting dynamite. They lighted the dynamite exploding the rock to have access to gold and to make a tunnel. The widow maker was dangerous though. When drilling holes sharp dust particles, were inhaled into the lungs. This damaged the lungs critically. It was called the widow maker as it killed the miners. The widow maker was also very loud making you deaf in approximately 6 months.

The Water Pump
The Water pump is a very essential part of the mines, as without it the mines will flood, taking away many lives.

- In approximately 2 carts of quartz there is about 10g of gold.
- Did you know that back then you could be employed in the mines at the age of 14? Guess what your job is? You have to clean up the waste from the toilets.

In conclusion, the mines are a very cruel place to work, as you could die and you could become deaf.

By Sanjeet, Yaqub, Krishan and LucasG
During the past few weeks of grade 6, we have been working on the topic of what it means to be a leader. This year we are the leaders of the school and we have been researching some inspirational information about different leaders around the world. Some leaders we have been focusing on so far include; Nelson Mandela, Malala and Martin Luther King Jr. We have also discussed themes and issues that have arose from Donald Trump, Hitler and the Taliban. During this process we have reflected on our personal definitions of what makes a great leader. By researching famous speeches from leaders throughout the years, we created some of our own speeches relating to issues we are passionate about.

Shiraz M and Olivia W

"Hello my name is Imogen. I want to guide you into an era where people are treated equal. Martin Luther King had a dream where people weren't defined by the colour of their skin, but who they are. Why are people defined by their skin? Is it closed-mindedness? Fear? Or something completely different? Whatever it is, it is not right. Mr King had a dream and I am so sad it hasn't come true. I thought by my generation we would learn to love each other. Didn't you?

We need to band together and stomp on racism once and for all."

Thank you

Imogen S

"Our soldiers are good respectful people that risk their lives for us and we need to be grateful. We all have One Day One Night One Life and that's what you need to remember."

Evan K

"Why are black people getting discriminated and killed for absolute no reason? Coloured people will be treated unequal, while others are fortunate to have privilege and treated better. My wish is to stop seeing police brutality towards innocent human beings. BLACK LIVES MATTER."

Shiraz M

"Why? Why are boys better than girls? Why are 3.1 billion girls not getting an education? People say its old tradition. Sometimes traditions need to be changed. 87.4% of women over the age of 15 can't read. This is not right! Worse is that these numbers are rapidly growing! If girls in countries like ours can go to school, why can't all girls all over the world go to school?"

Olivia W
Swimming Training and Trials

Well done to all our students who have attended morning swimming training in preparation for our trials and then District Carnival in March. We’ve had close to 30 **students** at least attend 1 or more session at Laverton, which is a great turn out for a before school commitment. Thanks again to all the parents for their support and staff coaching and organising breakfast back at school.

We have one more training session at **Laverton Pool (7-8am) Thursday 16th Feb.**

We then move to Werribee Outdoor Pool (Watton St, down behind the Werribee Football Ground and Bowling Club) on **Monday morning 20th Feb** our final training session. This will help get students ready for the 50m pool and outdoor conditions. The Monday training will be **7am - 8am** as well. If you can’t make that one, maybe you could have a swim there over the weekend if you’ve never swum there before (50m).

Then on **Wednesday 22nd Feb**, we will have our trials for all age groups. For the trials we are aiming to start right on **7am** (earlier if some age groups have all their swimmers there by **6.50am** etc). If you can try and be there by **6.45am** to get ready and be warmed up, so we can get races underway as soon as possible after that. Hopefully we’ll be finished by **8.15am** approx.

If you wish to purchase a school swimming cap for $10 (proper silicone style) leading up to the carnival day, please see Mrs. Joyce at the office.

Choir will be starting for grades 3-6 next week! We will be having auditions Tuesday, Wednesday and Thursday during senior lunch. Students will need to know the national anthem and the school song in order to audition. An announcement will be put over before lunch for any students interested. Looking forward to seeing everyone!

Lost Milo Fit Band Watch (green)
When found please return to Lachlan in 4EN. Thank you
BENVENUTI! Welcome to the Italian Program

BENVENUTI! Welcome to the Italian Program at Seabrook Primary School.
A special warm welcome to our Prep students and families.

It has been a busy first few weeks in our Prep classes where our little students have already learnt some of their first Italian words:

CIAO! (Hello, goodbye)

Our students are able to say the word ‘ciao’ beautifully, spell it in Italian and form each letter of the word with their fingers and their bodies.

Benvenuti! (Welcome)
Our students have learnt a simple welcome song with actions, which they really enjoy singing.

Come ti chiami? (What’s your name?)
Mi chiamo … (My name is…)
Our students have been busy asking and answering this question as well as playing little games using their names.

Well-done Preps, what a wonderful effort. Bravi!
CIAO for now!

The Italian Team,
Mrs Thomson, Maestra Elena and Signora Savoia.
Learning a language

Over 35 different languages are spoken by the children at Seabrook Primary school. There are many centres where children can improve or learn a language. A list of schools can be located from our website under the STUDENT Tab then click on Co-Curriculum and then on the 8th page the list commences.

Data Base of Language Schools

You can also check the notice board outside Room 1 or contact Mrs O’Connor if you need help in finding a language school for your child.
Dear Parents and Guardians,

Thank you for embracing our new payment app. When using Qkr for the 1st time this year please make sure to update your child's 2017 grade.

When using Qkr for school excursions, incursions and camp payments can you please ensure you are selecting the **correct student and grade** before checking out and paying. Your assistance is greatly appreciated. Thank You.

OSCHClub Head Office: 03 85649000

School Banking has started for 2017
(Preps will bank on Tuesday until they start full time.)

New Rewards for 2017

The Commonwealth Bank has released great new rewards for 2017. All students will receive a parent pack with a new rewards card. Term one rewards - Cyber Handball and Colour Change Markers.

New Helpers Needed
School banking needs some new helpers to help with the counting and processing of the school banking. We currently meet at the meeting room next to the library after school drop off on a Thursday morning for approximately one to two hours.

Well done to all the students who banked last week, it was great to see so many students bank first week of school banking.

Saving regularly is an important habit to get into, whether you are saving a little or a lot. Keep up the great work and remember to bring your deposit book each Wednesday. Thank you for supporting the School Banking Program.

Do you have a school banking question or query? Please email: seabrookschoollbanking@gmail.com
