

# 2GC Essential Agreement

Written by students and teacher

- We show respect by looking after other people's things. We will put rubbish in the bin and keep our school and classrooms clean.
- We will be good communicators and listen to others and do not talk or interrupt while they are speaking. We put our hand up when we have a question or to say something when others are speaking up the front.
- We will be caring to others. We will use our manners and say kind things. We help others when they need it. We invite others to play when they are on their own.
- We keep ourselves safe by not running in the classroom, listening to teachers and following school rules. We don't climb or swing on the playground or the poles outside our classroom.
- We show commitment to finishing our work, making it neat and tidy and doing it to the best of our ability. We also show commitment to our learning by finishing our homework.
- We will not hurt others. I will tell the teacher if someone hurts me.
