In 5KP we have fun! We are a caring and respectful class. We make learning fun by asking questions, working as a team and trying new things. We work together as a team to achieve our goals. We believe that every person in this class is awesome, has special talents and can achieve anything they set their mind to!

In 5KP we show respect to our teacher, our classmates, our parents, visitors and all property. Respect is important because it makes everyone feel comfortable, safe and happy. This makes students want to come to school. We will show respect in our classroom by being kind to each other, listening to each other's ideas, and using manners. When Miss Payne or a classmate is speaking we listen, do not interrupt and do not speak over them. We will be respectful communicators.

Students of 5KP will show appreciation for the wonderful opportunities they are offered at school, as well as being appreciative of each other, Miss Payne, other teachers, their parents and all learning equipment.

As learners, we will be committed and confident in everything we do. We will never give up and promise to try our best at all times. We will show curiosity, creativity and enthusiasm in all learning activities. We will show integrity by always being honest to others and ourselves. This means no cheating on tests.

We have decided that in 5KP we are responsible and independent enough to select where we sit each day. We will be thinkers and make smart choices to help our learning. It is important to get to know our classmates and work with different people each day. We all have special skills and talents to share with each other. A few people will have set seats determined by Miss Payne.

When in the playground or with specialist teachers- we will set a good example for the younger students by displaying the PYP Attitudes and Learner Profiles.

**Home Learning:**
Home Learning will be uploaded onto Edmodo on Mondays and is due to be completed by the Friday of that week. Hard copies will be printed ONLY for those who do not have Internet access at home. It is an expectation by Grade 5 that students are taking responsibility for their own learning and making time to practice classroom activities in their own time. If the Home Learning is not completed by the Friday, students are to finish it over the weekend.

**Edmodo Rules:**
1. All posts (including pictures) must be appropriate for school and positive in message.
2. All posts should use proper English grammar and spelling. Although Edmodo feels like Facebook, texting, etc., it is still a school platform and your best communication skills are expected. Miss Payne will not accept any abbreviated slang like lol, gr8, etc.

3. Posts should be made at appropriate times of day. Student posts made well after bedtime will be brought to the attention of parents.

If any of the above rules are not adhered to, Miss Payne will block you from being involved in the Edmodo group.
