ESSENTIAL AGREEMENT

1. We will display that we are PRINCIPLED by being honest, responsible fair and following the rules of the Essential Agreement.

2. We are INQUIRERS because we always learn and discover new things. We ask a lot of questions and always want to know more and we are always curious. As a result we do not disturb others from being Inquirers and encourage their learning.

3. We are THINKERS because we build on other people’s ideas, link things to what we know and we try several ways to solve a problem. As Thinkers we will not fight, cry or argue but find a solution to the problem.

4. We will show COMMUNICATION by following ideas, openly expressing our thoughts and speaking in a calm manner. We will say sorry if we’ve made a mistake and please and thank you in gratitude for assistance given.

5. We are OPEN MINDED students by listening to the teacher, peers and others to learn new things.

6. We are CARING students as we help others to learn and show empathy. We will take responsibility for our own things and not borrow from others. We will care about our school, class and global environment.

7. We should be BALANCED by using time wisely, eating healthily, doing exercise, becoming organized and working towards our goals. We are REFLECTIVE students by thinking deeply, thinking about our parents, teacher, peers and our learning.

8. We are KNOWLEDGEABLE because we learn about our selves, the world and many different things.

9. We are RISK TAKERS because we have a go at unfamiliar sequences and we never give up.

CONSEQUENCES
Reflect on behaviour and give an apology if required.
1. Write out the Essential Agreement, and/or do yard duty with Mrs. U. Or clean the room at lunch time and recess.
2. We agree to have time out in the back room if we continually disrupt other students.
3. If behaviour continues to disrupt the class parents will be contacted.
