

# Prep AF Essential Agreements

Our agreements are to:

- Share with others
- Be polite
- Use your indoor voice
- Put things away
- Walk not run
- Take turns
- Put your hand up
- Try your best
- Keep your hands and feet to yourself

## 😊 Rewards – Happy Steps

When students are making good choices and following our essential agreements they will receive specific praise and happy step points. Once they receive ten points they will be rewarded. Our current reward is playing our new game “Find Your Friends” in groups. Future rewards will be determined with the students.

## ☹ Consequences – Traffic Lights

Students who are making good choices will be on our green traffic light.

If students are not making good choices and following our essential agreements they will be given a warning and put on a yellow traffic light. At this stage, they will be given some thinking time to calm down and make a better choice.

If they continue to make poor choices and break our essential agreements they will go to our red traffic light and lose 5 minutes of playtime to discuss how they can make better choices in future. A note may also go home and Mr Moodley may also be called.
